# Midterm Presentation

## Rubrik

# Group Assignment

+ Due Date – Refer to Blackboard

+ Create a Power Point presentation that has evidence of all Group Items rubrik.

   Doc Composer exports, or snapshots of your project.

+ Create video 16-20 minutes in duration.

   This video will start off with the Group Item rubrik.

   All group members must present some of this data in this portion of the video.

   The video will present your information in a thoughtful and engaging manner. Do not just read the slides. Talk about each component to help the user understand not only the WHAT, but the WHY.

   The video will then continue with each individual team members discussing items in the Individual items rubrik.

# Individual Assignment

+ Due Date – Refer to Blackboard

+ Create a Power Point presentation that has evidence of all Individual Items rubrik.

  Include Doc Composer and model screen shots, as appropriate.

+ Video

  In your portion of the video (discussed previously under the Group Assignment) you will discuss your Individual Items rubrik.

  The video will include a discussion of what your contribution to the project had been. If you do not have a running project, you may discuss how far you got and provide evidence.

  Refer to the Individual Items rubrik for additional details.

# Group Items

| Item | Assigned Points | Comments |
|---|---|---|
| Required Items | 60 | Each item below will be rated on a scale of 1-10, where 1 worst and 10 is best. Anything above 10 provides WOW factor points, indicating the team really nailed it. Just to be clear, this is where the entire team nailed it, just not a few of the members. |
| Group Items | | |
| Project Description | 20 | Each team member will be responsible for adding some information into the team project description. Each team member should discuss a part of the project proposal for which they provided input and are passionate about. |
| User Requirements | 10 | Each team member will be responsible for adding some information into the user requirements. Each team member should discuss the requirements for which they provided input and are passionate about. |
| Use Case Diagram | 10 | Each team member will be responsible for adding some information into the Use Cases. Each team member should discuss the Use Cases for which they provided input and are passionate about. This is NOT the details of the Use Case, just an overview of how the Use Cases relate to the Project Description User Requirements. |
| Structure Diagram | 10 | The team will discuss the process by which they arrived at the Structure Diagram. Each team member will be responsible for adding some information into the Structure Diagram. Each team member should discuss the parts of the diagram for which they provided input and are passionate about. |
| Doc Composer generated SRS | 10 | This will be discussed I the items above. I do not expect a walkthrough of the SRS, but the SRS document must be submitted for credit. A template will be provided. |

# Individual Items

| Item | Assigned Points | Comments |
|---|---|---|
| Required Items | 40 | Each item below will be rated on a scale of 1-10, where 1 is worst and 10 is best. Anything above 10 provides WOW factor points, indicating the individual really nailed it. |
| Individual Items | | |
| Use Case Details | | |
| All required template items discussed | 10 | Justification, Description, Actors, Preconditions, Postconditions, Requirements, Author(s). Two Use Cases required; more are favorable. |
| Use Case Scenarios | 10 | Scenarios (Flow of Events). Primary (Sunny Day) Scenario and at least 1 Alternate (Rainy Day) Scenario. |
| Activity Diagrams | 10 | Activity Diagrams for your Use Case scenarios. This may not be 1-1. That is, 1 Activity Diagram can detail more than 1 scenario. |
| Presentation | 10 | You will be graded individually on how well you presented. Not just how engaging you were, but more importantly how well you demonstrated that you took your responsibility seriously, and provided sufficient input into the team project. |
